

FOURTH REVISED NOTICE OF PROPOSED AWARDS

Grant Solicitation GFO-17-607 School Bus Replacement for California Public School Districts, County Offices of Education, and Joint Power Authorities

Electric School Bus Awards November 6, 2019, 2019

On May 31, 2018, the California Energy Commission (CEC) released a Grant Solicitation and Application Package entitled "School Bus Replacement for California Public School Districts, County Offices of Education, and Joint Power Authorities" under the Clean Energy Job Creation Program and the Clean Transportation Program, also known as the Alternative and Renewable Fuel and Vehicle Technology Program.

The grant solicitation announced \$75 million in Clean Energy Job Creation funding to fund projects that replace old diesel school buses in California. These funds are distributed evenly among four regions (\$18.75 million per region): Northern, Central, and Southern California, and Los Angeles County. The Clean Transportation Program component of this solicitation was an offer to fund up to \$60,000 in electric vehicle (EV) infrastructure for each of the electric school buses awarded under this solicitation.

The attached table, "Fourth Revised Notice of Proposed Awards" (NOPA), identifies several changes in awarded bus types and recommendations for funding. This notice is posted on the CEC <u>Funding Opportunities webpage</u>, available at https://www.energy.ca.gov/funding-opportunities.

Funding of proposed projects from this solicitation is contingent upon the approval of these projects at a publicly noticed CEC business meeting and the execution of a grant agreement.
